

## Comprehensive Gastroenterology Care Comes to FVSA *Drs. Abdullah Fayyad & Timothy Roarty Join Team*

**Abdullah Fayyad, MD**

**Timothy Roarty, MD**

Fox Valley Surgical Associates (FVSA) has some exciting news to share! We will be expanding our specialty services to include gastroenterology in 2021 as we welcome two new providers with 50+ years of combined experience to our team.

Joining in January, [Timothy Roarty, MD](#), is a Wisconsin native who received fellowship training in gastroenterology at the University of Virginia. He most recently practiced in Green Bay as a physician and medical director for digestive diseases. His specialty areas focus on the diagnosis and treatment of gastrointestinal (GI) issues with emphasis on colonoscopies and EGDs. His care also extends to liver disease, ulcerative colitis and Crohn's disease.

[Abdullah Fayyad, MD](#), will come on board in March. Dr. Fayyad was fellowship trained in gastroenterology at the University of Wisconsin Hospitals and Clinics. He specializes in upper and lower endoscopy as well as push enteroscopy. He also performs biopsy, polypectomy, endo-stent placement, APC-ERBE coagulation, band ligation, balloon and Maloney/Savary dilation procedures.

In addition to welcoming Drs. Roarty and Fayyad, FVSA also has fellowship-trained physicians on staff who provide a full range of the latest [gastrointestinal endoscopy services](#). These include colonoscopy, capsule endoscopy, ERCP and much more.

To schedule an appointment with Dr. Fayyad or Dr. Roarty, please call our office. [Click here](#) to learn more about gastroenterology care at FVSA.
